1 **General** *(continued)*
Objective

Statutory objective of the organisation.
What does the organisation seek to achieve?

We advance alternative protein innovation to make the global food system better for the planet, people, and animals. We are not a trade association or member-based organization-we accelerate the alternative protein field by tackling gaps that others in the ecosystem are not positioned to address. We focus on three programmatic priorities:

1. Cultivating a strong scientific ecosystem
2. Emboldening public support for alternative proteins
3. Encouraging the private sector to prioritize alternative proteins

Outline of the policy plan

Please answer the questions below or provide an URL to the policy plan after the last question about the policy plan.

The online policy plan should at least provide answers to the questions about the policy plan asked here.

What are the institution's activities?
When are which activities to be carried out? And how do the activities contribute to achieving the institution's objective?

The Good Food Institute is a nonprofit think tank working to make the global food system better for the planet, people, and animals. Alongside scientists, businesses, and policymakers, GFI's teams focus on making plant-based and cultivated meat delicious, affordable, and accessible. Powered by philanthropy, GFI operates as an international network of organizations advancing alternative proteins as an essential solution needed to meet the world's climate, global health, food security, and biodiversity goals. To learn more, please visit www.gfi.org

How does the organisation generate income or revenue?

The Good Food Institute is funded through philanthropy, with a very small amount from government grants (<2.5%).

1 General (continued)

How and for what purposes are the revenues spent?
If your organisation holds capital, please fill in here where and how this capital is held (e.g. savings account, investments, etc.)

Revenues are used to carry out GFI's charitable programs, including research, public education, grantmaking, and related administrative and fundraising activities. Funds not currently expended are retained to support GFI's charitable activities and are held primarily as liquid assets, with a smaller amount held as other financial assets, as reflected in the financial statements.

Remuneration policy
 Remuneration policy for the statutory board, for the members of the policy-making body and for staff (e.g. collective labour agreement or salary scheme).

Board directors receive no compensation for board service but may be reimbursed for reasonable expenses. Officers, employees, and contractors receive reasonable compensation at fair market value for services under GFI's compensation policies.

3 Statement of income and expenditure *(continued)***Explanation**

Provide an explanation of the statement of income and expenditure here or fill in the URL to the financial statements if an explanation is included.

These amounts expressed in EUR were converted from financial statements in USD using the exchange rate from the last day of the reporting period. Even though income from donations can fluctuate year over year, GFI strives to maintain a sufficient operating reserve to cover periods of lower than usual contribution levels.
